

## A SQUARE FLUNK.

The showing made by the APPEAL yesterday in regard to the saving to Ormsby county by the Silver party caused a flurry in Republican headquarters in this city. It was agreed that the figures were unanswerable but some showing had to be made to blind the taxpayers and the following account was patched up to serve the purpose of deluding those who had not read the APPEAL. To emphasize the absurdity of the Tribune's reply and its bare-faced lying we reprint the Tribune's article and also the APPEAL article of yesterday.

Below the Tribune gives a few figures which show that the expenses of the Silver party in running the county government for the years 1893 and 1894 exceed the expenses of the Republican party for the years 1891 and 1892 by \$15,228 41. The APPEAL takes the whole expense of 1891 and 1892 and only one year and nine months of 1893 and 1894.

Taking Davis' figures as correct, which they are not, the Silver party "saving" will come short at the end of the year.

There is due the State from the Assessment

Roll of 1894.....\$13,724 69

Expended on improvements of County Building 1891 and 1892..... 5,740 00

County expenses from Oct 1, 1893, to Dec. 31, 1894..... 7,500 00

By reduction of salaries of county officers less than 1891 and 1892, which reduction was made by Republican Legislature 1891..... 3,800 00

Amount of State School money more in 1893 and 1894 than in 1891 and 1892..... 2,810 88

\$33,575 57

Deduct Appeal's "saving" 18,347 16

Amount in excess of Republican expenses for years 1881 and 1892...\$15,228 41

When the Tribune tries to make people believe that we did not include the last three months it lied deliberately showing the desperate corner into which the figures have driven it. In the following, reproduced from yesterday's APPEAL, \$38,879.38 is charged up to the Silver party account for October, November and December of the present year being the amount disbursed by the Republican party in the corresponding months of 1892.

The Silver party has practically bankrupted the county and given the taxpayers no adequate return. Let the people elect men who have their interests at heart and not their own. Remember that Silver party success means public extravagance.—Tribune.

The above is a fair sample of the unfair methods adopted by the Tribune in advocating its feeble way the election of the Republican county ticket.

The Auditor's books tell an entirely different story than the Tribune and contradict it in every particular.

Take the last two years of the Republican rule and compare them with the last two years of the silver regime:

REPUBLICAN.

Total disbursements, 1891...\$71,924 17

Total disbursements, 1892... 82,804 28

SILVER.

Total disbursements, 1893...\$67,445 36

Total disbursements, 1894... 39,056 55

This is figured to Oct. 1st

The Silver party have yet three months expenses to come in to close the year, and the election expenses to be met. Now for the sake of carrying the account to the end of '94 we have simply to charge up the Silver party the same amount that it cost the Republican party to run the county the last three months of '92, also an election year. This was \$38,879.38. This added to the expenses of Silver Commissioners to date for the present year would make the total disbursement for the year 1894 \$68,935.93.

This would make the county expenses in four years as follows:

REPUBLICAN PARTY.

Years '91 and '92 \$154,728 45.

SILVER PARTY.

Years '93 and '94 \$136,381 49.

But for Silver Party, \$18,347 16.

To this balance should rightfully be added the Republican bond of \$1000 paid by the Silver Commissioners in January, 1893 and the expenses of the Parsons trial, \$1991 30 afterwards refunded by Storey county, making a total saving by the

Silver Party of \$21,338 46 in two years. Of course the Republican organs will dispute these figures.

In order to verify this the APPEAL will let the Republicans choose an expert, the Silver men to choose another and the two choose a third and by mutual agreement to go over the county books and make a report to the public before election day.

We again challenge the Republican party of this county to select an expert accountant to verify the APPEAL's figures. No dodging, or lying, get down to business.

## GOODWIN ON THE COM-STOCK.

Last night Hon. C. C. Goodwin, who used to edit the Enterprise in its palmy days, spoke in favor of the Republican ticket at Piper's Opera House.

It is a mystery to us how a man of his strong independence and individuality will continue in servitude to a party that has so long trod on the interest of a State where Charlie Goodwin passed the best days of his life.

He lived in Nevada when the roar of the California and Con Virginia stamp mill sounded under the window where he wrote the best things that ever came from his pen. He could, by lifting his eyes from the paper on which he wrote, see just below him scores of tall smoke stacks belching their flames into the air, while far below came the whizz and rumble of the machinery that was in motion day and night.

Many a night in those good old days, the writer put in the editorial rooms of the Enterprise and listened to Charley Goodwin dilate on the magnificent panorama that was spread out to the east of the office, and it was as good as any play to hear Goodwin's eloquent tribute to the great industry that was the life pulse of the State. This was twenty years ago, and yesterday when Charley Goodwin reached Virginia City, and saw the deserted hoisting works, the dismantled buildings, and wrecks of inert machinery, in which the rust had been gathering for years, his heart must have sunk at the sight, and his tongue must have felt, as it framed its eloquence for the Republican party, that something was tugging away at its roots, a chord from the heart throbbing, restraining it from defending a party that had brought on the old Ledge, all this ruin and devastation.

We believe that had Charley Goodwin been in the State a month before he spoke, that he would have thrown up the job in disgust, and come out squarely for the Silver party.
